

PRINTOBER IS HERE !

PrintOber 2013 : Celebrating 3D Printing across Australia

Every year **BilbyCNC** proudly hosts **PRINTOBER**
A month long celebration of 3D Printing.

This year we are proud to be launching the [Australian 3D Inovation Awards](#), an opportunity for Australian business to show off the amazing things they are doing with 3D Printers.

We were so impressed by the student design entries in last years [3D Design Competition](#) that this year we have opened it up exclusively to students (big and small) and are offering up a **3D Printer** to the winner.

PLUS we are again running our [bulk filament deal](#) - this year get 5 rolls of filament for the price of 4 all month!

But best of all - [Golden Tickets!](#)

1 in every 5 filament boxes sold in October includes a **Golden Ticket** which award the holder with a free roll of filament!

What are you waiting for? Go on, read more, and get those entries in!

Buy 4 Get 5 Rolls of Filament!

It's simple really.

Buy 4 filament spools, get one free!

**BUT YOU HAVE TO USE THE
SPECIAL ORDER FORM!**

Just select the 4 paying filaments from the drop down and then choose any \$39.95 or cheaper filament for free. . .

Been thinking about experimenting with Wood or Brick...why not get one for free during PrintOber?

What are you waiting for?

Start shopping now_

Have you found a Golden Ticket?

Golden Tickets have been placed into 1 in every 5 of our BilbyCNC brand spools.

If you are lucky enough to get one you instantly win a free spool of filament!

3D Innovation Awards!

Get your entries in now!

This is a national awards program for Australian businesses utilizing 3D printing to create end user products, or change traditional manufacturing techniques. It is an opportunity for innovative people to showcase the exciting things they are doing with this new technology.

BilbyCNC is hosting these awards and can not wait to read your entries. Some of the things you guys are doing blow our minds and we think everyone should have their minds similarly blown in awe of you all. We know that you are doing things from printing DNA, to creating disability assistance devices, to items of national security, to skateboard parts, towell you know better than us, so get writting and let us know.

Awards will be provided for :

Gold and Silver Awards will be awarded to Australia's most innovative and exciting adopters of 3D Printing Technology

Top 10 Australian 3D Innovators

Changing Lives Award for the person/organisation/company whose use of 3D Printing technology

Show Off Your Designs and Win a 3D Printer!

We are again hosting a 3D Design competition for all you student designers out there!

Entrants **MUST** be a student at Primary or High School, TAFE or University.

The winner will be given a **MBot 3D Printer!** from BilbyCNC

How to enter

Draw it : Your model must be 3D modeled, and saved as an STL file

Submit it : Email your stl file to [printober\(at\)bilbycnc.com.au](mailto:printober(at)bilbycnc.com.au) on or before 30 October 2013

Include : Your name (first and last), Age, Name of School, State (as in WA, VIC etc), your email and a contact phone number (of a parent/guardian if you are under 18 yrs old) and delivery address for prizes (if you win). PLUS in a short paragraph *tell us why you want to win a 3D Printer*

Fine Print : Your entry automatically means you have agreed that a picture of your model and your initials and state may be publishing by BilbyCNC in promotional material. BilbyCNC agrees that you remain the owner of the model and will not publish or use the model in 3D form (except to generate a jpg for the site, or to print the model for judging purposes, and /or your winning trophy).

is making a difference to peoples lives

Modern Manufactures

Award for the most amazing use of
3D Printers on a commercial basis
producing end stage products

Nominations closes 30 October 2013.
Winners to be announced in
November

[For "How To Enter" Information and
all the Fine Print Click Here.](#)

BilbyCNC also has the right to publish
your written entry (excluding personal
details)

Entries will be judged on their 3D model
complexity and skill, as well as their
answer to the question "*Why do you
want a 3D printer*". The winner will be
contacted directly and announced in the
first week of November on our website

***This is a national competition open to
all Australian students. Last year we
were so impressed by the entries we
awarded two prizes. We can not say
how impressive you will be this year, but
promise to give away at least one
printer. We will also be awarding
certificates to the **Most innovative
designers**. After 14 October we will put
entries up online for you to check out***
